AGREEMENT ENDS M.&N.A. STRIKE OF MANY YEARS

Crimes Committed and Service Disrupt- ed Since 1921

CLEVELAND, O., Dec. 21. (AP)—President W. G. Lee of the Brotherhood of Trainmen received advices late today from Harrison, Arkansas, confirming the calling off of the Missouri and North Arkansas railroad strike, in progress since February 1921, thru a settlement between Frank F. Mullholland of Toledo attorney representing the thirteen railroad unions involved and Judge J. M. Shinn, in circuit court.

It is understood that the settlement means the quashing of the indictments against fifteen or twenty other railroad employees and an agreement that a number of foreclosed bonds of strikers will be settled at a nominal figure.

Little Rock, Ark.—Settlement today of the Missouri and North Arkansas Railroad strike brings to an end one of the stormiest labor disputes in the history of this state attended by disorders which culminated in the burning of bridges, the hanging of one man, suspension of operations at one time for a period of nine months the formation of law and order committees and finally, the appointment of a legislative committee to investigate conditions generally along the line of the road.

The strike began February 26, 1921, when union employees refused to accept a reduction of wages ordered by C. A. Phelan, federal receiver. Disorders followed and on August 4 the management of the road suspended operations until May 1, 1922.

Discontinue Service

Interference with train service became so serious late in 1922 that the management announced it would again be forced to discontinue its service.

Early in January of this year half a dozen bridges were burned in less than a week and residents along the line of the road took matters in their own hands, by forming a "citizen's committee."

F. C. Gregor one of those brought before the committee declined to give information to the committee. He later disappeared and his body was found hanging from a railroad bridge the following morning. The committee disclaimed responsibility for the death of Gregor and continued its investigation. Governor T. C. McRae recommended that the legislature name a committee to investigate the death of Gregor. The committee fixed no blame for his death but stated that there had been lawlessness on both sides.

CLEVELAND, O., Dec. 21. (A.P.)—A joint meeting of the bimetallic miners and operators of Ohio, Indiana and Illinois will be held in Cleveland Friday morning, January 4, to begin negotiations on a new wage scale affecting the mining industry in these three states to replace the present wage scale which expires March 31, it was announced here late today.

The call was signed by Michael Gallagher, of Cleveland, chairman of the joint interstate conference of Ohio, Indiana and Illinois and John L. Lewis, president of the United Mine Workers of America. When the miners and operators of the three states met in joint conference at New York last January 24 they adopted a resolution providing for the forthcoming conference.

THE DAY IN WASHINGTON

CIVIL SERVICE SUIT IS LOST ON ACCOUNT OF TOO LONG DELAY

Judge Refuses to Rule on
Case After Twelve
Years

SPRINGFIELD, Ill., Dec. 21. (AP)—The act extending civil service to the employees of the South Park Board of Commissioners in Chicago has been held valid by the Illinois supreme court it was disclosed today.

The act was enacted in 1911 and has been in effect since then. It was questioned finally in a suit by Frank Meister as a taxpayer. The Cook county circuit court upheld the law and Meister appealed.

In writing the opinion of the court, Justice Orrin N. Carter said:

We have here a constitutional provision dealing with the process of legislation and intended to prevent surprise in the enactment of law. The present law has gone into operation and has been applied for substantially twelve years without contest.

We do not lay down a principle that constitutional provisions of this character regarding legislative procedure must be availed of promptly; we do regard it as improper for us to upset a law long applied without constitutional question. We are of the opinion that under facts such as these parties seeking to contest the validity of a law have lost by some eleven or twelve years delay any standing that they might otherwise have in this court.

KLAN EDITOR IS GIVEN SENTENCE IN MURDER CASE

Is Sent Up by Judge
for Life in State
Penitentiary

ATLANTA, Ga., Dec. 21. (A.P.)—"Guilty of murder, with recommendation for mercy," was the verdict returned tonight against Philip E. Fox, Ku Klux Klan editor, who killed William S. Coburn, a Klan attorney, in Atlanta, on November 5.

The verdict, under Georgia laws provide a life imprisonment sentence. After hearing evidence and arguments for more than a week, the jury received the case late last night. At the request of the defense the jury was polled. It was unanimous.

Fox stood up. He shook his head in the negative when the judge asked if he desired to say anything.

"You shall spend the balance of your natural life in the penitentiary of this state," the judge said.

Fox trembled and his head drooped heavily on his chest.

Judge Howard directed the defendant to sit down. Two bailiffs steadied the trembling man as he sank into his chair. The court then cautioned all spectators to remain seated. Twenty or more policemen, headed by Chief of Police Beavers and the bailiffs, surrounded Fox as he was escorted from the court house.

Neither Mrs. Fox nor her eight year old son were present when the verdict was read. Mrs. Coburn, widow of the slain man, and her daughter, Zoe Coburn, also were absent.

Frank Hopper, Sr., of defense counsel, announced tonight that a motion for a new trial for Fox would be filed tomorrow. When informed of the intended action, Judge Howard said if such a motion were filed the hearing would be several weeks ahead in order to allow consideration of voluminous record in the case.

He has reiterated orders to suspend organization of any military contingents and is quoted as having declared the number of petitions of laborers, farmers, retired soldiers, and numerous elements of the middle class asking to be given arms in the military campaign against the rebels is growing daily, but I consider that we have sufficient forces and equipment in general to subdue the insurrection at once.

America Satisfied Documents Genuine

WASHINGTON, Dec. 21. (A.P.)—There is no likelihood that the United States government will submit to arbitration the authenticity of documents which the state department recently made public to show that revolutionary soviet activities and propaganda are being conducted in this country with the object of undermining the government.

The assertion of Tchitcherin, made it clear that negotiations cannot precede the cessation of soviet propaganda in the United States and the adoption of measures by the Russian authorities to demonstrate their good faith in the discharge of their just international obligations.

The American government is fully satisfied with the genuineness of the communications made public from the soviet to workers in this country and believes that to enter any such proceedings as suggested by former minister Tchitcherin in a statement in Moscow today would only involve a proceeding long sought by the Russian authorities.

Secretary Hughes in his recent statement, which was transmitted to Tchitcherin, made it clear that the documents are forgeries not only was expected by the American officials, but is regarded by them as a species of propaganda in itself.

By such a statement it was declared an attempt was being made to lead the American people to believe that the communist international in Moscow today would only involve a proceeding long sought by the Russian authorities.

K. C.'S LOSE TO CHANDLERVILLE M. E.

In a Game on a Small Floor and With Low Ceiling the Jacksonville Boys Were Unable to Gauge Their Plays—Score 26 to 6

The K. C. basketball team did not fare so well at Chandlerville Friday evening when they met the Chandlerville M. E. Sunday school quintet, being forced to take the small end of a 26 to 6 score.

The game was played on a small floor with low ceilings and the visitors seemed to be unable to properly gauge their passing and throwing to conform with the unusual condition. The contest was featured by more or less roughness on both sides, several personal fouls being committed by members on both teams. The Methodist boys took the lead early and at the end of the first half the score stood 15 to 0. In the second half Palasky was able to put over one field goal and Murgatroyd connected for two hoops.

MANAGER McGRAW HAS RETURNED FROM EUROPEAN TRIP

Plans Being Made for Giants and White Sox Trip Abroad

NEW YORK, Dec. 21.—John J. McGraw, the veteran manager of the New York Giants, celebrated his return abroad the Leviathan today from a several weeks' tour of Europe by settling a number of questions that have been moot topics of winter baseball discussion during his absence.

McGraw denied that a deal was pending whereby the Giants would obtain Rogers Hornsby, St. Louis star. He said he had practically completed negotiations for a tour of Europe by the Giants and White Sox at the close of the 1924 season.

Told of the \$275,000 offer for Hornsby made by Brooklyn at the recent baseball gathering in Chicago, McGraw laughed and declared:

"It may not be generally known but the Giants' offer for Hornsby in 1920 was \$300,000."

Discussing other plans, McGraw denied that he intended to part with Billy Southworth, outfielder who came to the Giants in the deal which sent Dave Bancroft to Boston Braves as shortstop-manager. McGraw said it was proposed to make a five weeks' tour of Great Britain, Belgium and France.

McGraw revealed that he had made reservations on the Twentieth Century Limited, which was

wrecked with a loss of nine lives at Forsyth, New York, but that inability to get desired steamship accommodations from France pre-

vented his arrival back in time to attend the baseball meetings at Chicago. He expressed deep regret at the death of "Wild Bill" Donovan, former big league star and manager who was a victim in the train wreck.

The Jacksonsville High basket shooters bowed to Waverly High at Waverly Friday night, losing by the close score of 12 to 10.

At the end of the first half Waverly led by 6 to 3 and the visitors were unable to overtake them before the close of the game.

Lewis, subbing for Jacksonville at forward went in for a short time and landed two field goals and one free throw. Harrison at forward, for Jacksonville was credited with one field goal and one free throw, and Fitch made the other field goal. Coach Mitchell made several substitutions but the visitors were unable to step around their opponents. Coach Mitchell and the players were well pleased with the treatment accorded them as well as the officiating.

WINCHESTER TRIMS BLUFFS HIGH TEAM

Bluffs, Ill., Dec. 21.—The Winchester High quintet clearly outclassed the Bluffs cagers here this evening, taking the game by a score of 23 to 9.

The local boys made the first two baskets of the game directly after the start but from then on the visitors forged into the lead and maintained it to the end of the game, most of the scores being made by the visitors in the second half. Bluffs several times worked the ball down the floor to their basket but were unable to connect with the hoop.

"Despite the fact that I forced down the price, I made enough to give these trees away and then still have a substantial profit," he said.

"I am beginning to feel," said Mr. Rouett, "that I have been in the coaching business long enough and will be ready to step out at the close of the 1924 season. I might have been ready to retire this year, but did not feel like getting out after such a season. Next year we hope to do much better at Princeton."

Hold Xmas Party

Benefit of Club Room

An unusual gift feature of the Town Girl's party that may become a traditional custom of their Christmas parties, is that of giving gifts to the club room, instead of to each other. The Town Girls gave their party in their club room at Illinois Woman's College, Wednesday night. The center of attraction was a beautifully decorated Christmas tree, on which hung a variety of gifts to add to the usefulness of the rooms. As the roll was called each girl removed her gift from the tree, and placed it in proper position in the club room. There was no formal program, with the exception of a reading, "Minnie at the Movies," by Miss Marjorie Chapman. For the remainder of the evening dancing and refreshments were enjoyed.

Hold Xmas Party

Benefit of Club Room

An unusual gift feature of the

Town Girl's party that may

become a traditional custom of

their Christmas parties, is that of

giving gifts to the club room,

instead of to each other. The

Town Girls gave their party in

their club room at Illinois

Woman's College, Wednesday night.

The center of attraction was a

beautifully decorated Christmas

tree, on which hung a variety of

gifts to add to the usefulness of

the rooms. As the roll was called

each girl removed her gift from

the tree, and placed it in proper

position in the club room. There

was no formal program, with the

exception of a reading, "Minnie at the Movies," by Miss Marjorie Chapman. For the remainder of the evening dancing and refreshments were enjoyed.

The hostesses were Miss Lucy

Mount, chairman; Miss Edith

Nichol, Mrs. Ida Daley and Mrs.

Montgomery.

Entertained at Diner

The Queen Esther Class of

Grace church, with Mrs. Chas.

Hopper teacher, will entertain a

"Big Sister" party Sunday after-

noon at 3:00 o'clock, at Mrs.

Hopper's home on Diamond street.

Each member of the class will

bring as her guest a little girl

recommended by the Social Ser-

vice League. A gift and a treat

will be given each "little sister"

by her hostess. Games have been

arranged, and a Christmas tree

and refreshments are planned for.

South Side Circle Met

The regular meeting of the

South Side Circle was held Fri-

day afternoon at the home of

Mrs. E. L. Kinney on South

Prairie street. Mrs. T. H. Buck-

thorpe was in charge of the

afternoon's program which was

made up of Christmas poems and

stories. The decorations were

of a kind appropriate to

the season and included a large

Christmas tree handsomely de-

corated.

The exchange of gifts was one

feature of the afternoon and

dainty refreshments were ser-

ved by the hostess.

NEW LAMP BURNS 94% AIR

Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, it's simple, clean, safe. Burns 94 per cent air and six per cent common kerosene (coal oil).

The inventor, J. L. Johnson, 649 W. Lake St., Chicago, Ill., is offering to send a lamp on 16 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month—adv.

VETERANS TO ATTEND LOCAL CONFERENCE

Letters from Santa Claus

Various Organizations Will Be Represented at Gathering Here in January—Patriotic Holiday Observance Will Be Discussed

According to an announcement given out yesterday by Colonel O. C. Smith, department commander of the Spanish American War Veterans, all department commanders of veterans' organizations in Illinois will gather in Jacksonville, January 10 and 11. Colonel Smith has received word from W. J. Liberton, department commander of the G. A. R. of Chicago; I. L. Lancaster, department commander of the Veterans of Foreign Wars, of Decatur, and Col. John J. Bullock, department commander of the American Legion, of Belleville, that they will be here on those dates.

The object of the meeting is to work out a plan for the observance of the various patriotic holidays. It is hoped that the conference will result in closer cooperation between the various organizations of ex-service men and that an advisory set of rules and regulations will be prepared.

Heretofore there has been more or less confusion in the matter of who would take charge of the observance of patriotic holidays.

Recently Colonel Smith sent out invitations to the various commanders asking them to come to Jacksonville and see if a plan could not be worked out whereby all organizations could be brought into closer contact. His request brought immediate response from all the commanders in the state.

While in the city the commanders will be the guests of Colonel Smith at the School for the Deaf.

On the evening of January 10, it is planned to hold a banquet at Central Christian church. The department commanders will deliver addresses at this meeting.

Music will be furnished by students from the Illinois Woman's college and Miss Katherine Parker of the School for the Deaf.

The banquet will be an invitation affair and each service man invited will be asked to bring his mother, father, wife or lady friend.

Owing to the fact that there are so many service men in Jacksonville the invitation plan was thought to be the most feasible so that an equal number of members from the different organizations could attend.

Members of the American Legion, Grand Army of the Republic, Veterans of Foreign Wars and Spanish War Veterans will be represented at the banquet.

**CLOVERLEAF FIRM
GIVES OUT BONUS**

The annual Christmas bonus for employees of the Cloverleaf Life & Casualty Co., was distributed yesterday afternoon by company officials. The sum of \$750 was given out among the employees, the amounts received by each being determined by the length of time each individual had been in the service of the company.

Four people in the company's employ received the highest bonus, \$30 each. The smallest amount paid was \$5.

**LOCAL PEOPLE DROVE
FROM CHICAGO THURSDAY**

Hugh Green and Miss Lena Hopper returned to the city Thursday after a trip to Chicago. They left Chicago at 6:30 o'clock Thursday morning and arrived in this city at 5:30 o'clock p.m. They traveled the entire route on hard roads with the exception of a detour of three miles at Williamsburg and two very slight detours at Gardner and Pontiac. The route they took passes thru Joliet, Pontiac, Lincoln, Bloomington and Springfield.

Mr. Green states that to those who have difficulty in getting in and out of Chicago that a most excellent route out of that city is to begin on Michigan avenue and follow this street to 55th street and turn west to Western avenue which is 2400 west, turn to the left and follow Western avenue to 95th street, turn to the right and follow 95th street to the end of the street which ends at the Forest preserve, turn to the right and follow this road to its end, which is Justice Park, and turn to the left which is the hard road leading into Joliet.

The remainder of the program was in charge of the educational committee of which Rev. M. L. Pontius is the chairman. Dr. Rammelkamp is talking about what the Rotary club has meant to him, laid stress upon the increase in mutual understanding and the good that comes from fellowship. He said that in the six years during which he had been a member of the club he had come into much closer relationship with the group of men and went on to say that engaged in educational work as he is, the value of the opportunity for comradeship with men down in the business district was the more appreciated.

J. W. Walton had "The Privileges of Rotary" as his theme. Dr. A. H. Dollear was to have presented a history of Rotary but as the program was somewhat crowded this feature was postponed until the next meeting.

STUDENT WORKERS TO HOLD CONFERENCE

International Gathering Meets Soon in Indianapolis—I. W. C. Will Send Delegation—Prominent People to Have Part on Program

An unusual distinction has been conferred upon the Illinois Woman's college, in that it was invited to send six delegates to the International Student Volunteer Conference at Indianapolis, and has been granted special permission to send six active delegates. The Student Volunteer Conference is held every four years, the last meeting at Des Moines in 1919, and representatives from the largest universities and colleges of the world, including a South African professor, were present. The purpose of the conference is to bind the students of the world together to do a definite Christian work in foreign and home missions, and to unite the students of colleges to work toward a definite Christian goal. Special attention will be given to the discussion of questions most vitally important to the youth of today.

Six thousand professors and students have signified their intention to attend, with large delegations from Annapolis and West Point among them. Some of the addresses will be made on the following subjects:

"Youth and the Renaissance Movement."

"World Economics Conditions."

"Race Relationship."

"Internationalism and War."

Miss Beatrice Hasenstab, one of the I. W. C. delegates will represent the Student Friendship organization at the conference. Miss Mary Johnston will represent the Illinois Woman's college faculty.

The other delegates from I. W. C. are Mary Thompson, Chicago; Harriet McComber, Reynolds, Ill.; Beatrice Hasenstab, Chicago; Eleanor Ellict, Chicago; Julia Mason, Sullivan, Ind.; Jennie Carpenter, Sullivan, Ind.; Virginia Peirson, Mt. Vernon, Ill.; Gertrude Thompson, Springfield; Nettie Stready, Princeton, Ill.

Miss Elliot has been appointed to the responsible office of registrar to all the delegates who will attend. The students from I. W. C. will send daily reports of the conference, and the speakers to the college.

**PLAN CHRISTMAS FOR
EX-SERVICE MEN**

At the Friday meeting of the Rotary Club Gene Abson of the Chicago Laboratories told something about the method of the company's work and Dr. C. H. Rammelkamp made a Rotary educational talk on the theme, "What Rotary Means to Me."

President A. H. Dollear said that he had especial pleasure in introducing Judge Norman L. Jones as one of the guests of the day. Other guests were: Francis H. Kelly, Albion, Ill.; Prof. Lynn Pyatt, Lexington, Ky.; A. D. Jenkins, Chicago; George W. Scott, Paris, Ill.; Dr. F. A. Norris and Hugh P. Green, Jacksonville.

The cafe management had provided a turkey dinner because of the approach of the Christmas season; the attendance was very large and altogether it was quite an enthusiastic gathering.

Mr. Abson explained the manner in which the laboratories can be of service to a city in preparing specifications for public improvement work so that the best materials will be used. Then he explained in further detail the services given when work is in progress.

For example, when asphalt is being spread, one engineer for the company remains on duty at the plant where the mixing is done and another on the street where the asphalt is applied. Tests are made from time to time to be certain that materials are being used in proper proportions and that the temperature is as it should be.

Samples of materials are also sent to the Chicago laboratory for complete analysis. The company has been rendering this sort of service for seventeen years, a fact that gives evidence of the success of the work done.

The remainder of the program was in charge of the educational committee of which Rev. M. L. Pontius is the chairman. Dr. Rammelkamp is talking about what the Rotary club has meant to him, laid stress upon the increase in mutual understanding and the good that comes from fellowship. He said that in the six years during which he had been a member of the club he had come into much closer relationship with the group of men and went on to say that engaged in educational work as he is, the value of the opportunity for comradeship with men down in the business district was the more appreciated.

J. W. Walton had "The Privileges of Rotary" as his theme. Dr. A. H. Dollear was to have presented a history of Rotary but as the program was somewhat crowded this feature was postponed until the next meeting.

INSPECTED PAVING WORK JUST FINISHED

Chicago Laboratories Man Here to Pass on Street Improvements Recently Completed—Gave Opinion on Re-topping Projects.

Yesterday afternoon Gene Abson of the Chicago Laboratories in company with Mayor E. E. Crabtree, City Engineer Henderson and Mr. Thatcher of the Standard Paving Co., made an inspection of all the paving work recently completed. The Laboratories Co. has had its part in the public improvement work which has been done in Jacksonville in the past two years and with very satisfactory results.

Work is done by the company before improvements are begun and during the process of the work.

Then comes the final inspection and this was the purpose of Mr. Abson's visit yesterday.

While here Mr. Abson with Major Crabtree and the other members of the party, also viewed several streets that the public improvement board and the city council hopes to pave during the coming year. Several streets were inspected for the purpose of getting Mr. Abson's opinion about re-topping work.

The Laboratories Co. looks with favor on re-topping work when the conditions justify it. However, Mr. Abson said yesterday that it is exceedingly bad policy to re-top a pavement unless the conditions make it practically certain that the work done will be satisfactory.

Re-topping of East State street and North Main street is not feasible in Mr. Abson's judgment. He recommended taking for the first job of re-topping here some

FILM WORK DONE AT ELI PLANT

Big Wheel Erected for Use in Illinois Power & Light Corporation's Pictures

W. H. Creiston of the advertising department of the Illinois Power & Light Corp., returned to Jacksonville yesterday, accompanied by Messrs. Coyle & Mariner, camera men for the Visugraph Pictures Inc., of New York, to take views at the plant of the Eli Bridge Co. These are the final Jacksonville pictures desired by the corporation to appear in a film story about its properties. It was the intention to take the pictures earlier in the week but weather conditions made it impossible.

Yesterday the pictures were taken and with satisfactory results. Lee Sullivan of the Eli Bridge Co. had a big Eli wheel erected for this showing and practically the whole operating force of the big plant was occupied yesterday in making ready for the film work. Mr. Sullivan had outlined a program of plant activities in such a way that a very interesting showing will be made when the pictures are on the screen.
